Reflections

1. Post number above _____

Check all that apply

- answers some of the questions answers all of the questions
- references the reading (quotes directly, gives an example)
- embedded media connects to the reading/reflection
- shows/links to sources outside of original

2. Post number above _____

Check all that apply

- answers some of the questions answers all of the questions
- references the reading (quotes directly, gives an example)
- embedded media connects to the reading/reflection

3. Post number above _____

Check all that apply

- answers some of the questions answers all of the questions
- references the reading (quotes directly, gives an example)
- embedded media connects to the reading/reflection

4. Post number above _____

Check all that apply

- answers some of the questions answers all of the questions
- references the reading (quotes directly, gives an example)
- embedded media connects to the reading/reflection

5. Post number above _____

Check all that apply

- answers some of the questions answers all of the questions
- references the reading (quotes directly, gives an example)
- embedded media connects to the reading/reflection

6. Post number above _____

Check all that apply

- answers some of the questions answers all of the questions
- references the reading (quotes directly, gives an example)
- embedded media connects to the reading/reflection

7. Post number above _____

Check all that apply

- answers some of the questions answers all of the questions
- references the reading (quotes directly, gives an example)
- embedded media connects to the reading/reflection

8. Post number above _____

Check all that apply

- answers some of the questions answers all of the questions
- references the reading (quotes directly, gives an example)
- embedded media connects to the reading/reflection

Digital Storytelling Posts

1. Post number above _____

Check all that apply

- embeds the artifact properly (not distorted, animating, etc.)
- piece is interesting is really interesting
- technical quality is good is excellent
- reflects on the process (tools used, difficulties, things learned, etc.)
- describes inspiration for particular content choices
